

300Mbps Wi-Fi 4G LTE Router

Model: HMR300

Brief Introduction

HM300 is a 4G LTE router and archives speed of up to 150 Mbps download and 50Mbps upload. 300Mbps Wi-Fi create a wide-coverage wireless network for gaming, streaming and more.

Key Features

- WAN Type: 4G or wired connection
- 4G: LTE Cat 4, DL 150Mbps/UL 50Mbps
- 1x 100Mbps WAN, 2x 100Mbps LAN
- Wi-Fi Speed: 300Mbps
- Antennas: 4 external antennas
- Support Guest Wi-Fi
- Support Wi-Fi Schedule
- Connections: Maximum 32 clients
- Easy to set up, Plug a SIM card and play

Specification

Hardware

300Mbps Wi-Fi 4G LTE Router

ROM	8MB
RAM	64MB
Network Port	1 x 100Mbps WAN, 2x 100Mbps LAN
Button	1x Reset
LED Indicator	System, Wi-Fi, 4G signal strength
Software	
WAN Connection Type	4G, Wired connection(PPPoE/Dynamic IP/Static IP)
QoS	√
Management	PC Web config page
DDNS	√
DMZ	√
Port Forward	√
UPnP	√
Wireless	
Wi-Fi Frequency	2.4GHz
Wi-Fi Protocol	2.4GHz: IEEE 802.11b/g/n
Wi-Fi Speed	2.4GHz: 300Mbps
Transmit Power	2.4GHz: 20dBm
Antennas	4 external antennas (2 Wi-Fi antennas + 2 LTE antennas)
Wireless Security	Support WPA-PSK/WPA2-PSK encryption Support Hidden SSID
4G Speed	LTE Cat 4, DL 150Mbps/UL 50Mbps
Network Type	LTE-FDD:B1/3/5/7/8/20/28(2100/1800/850/2600/900/800/750 MHz) LTE-TDD: B38/40/41 (2600/2300/2500 MHz) WCDMA: B3/8 (1800MHz/900 MHz)
Other Features	Wi-Fi schedule, Guest Wi-Fi
Others	
Power Adapter	DC12V1A
Dimension	200×125×190mm
Environmental parameters	Temperature: 5° C to 45° C Humidity: 5%~95%
